**Product Code:** AM4013MT-FVW

### **Short Description**

1.3 Megapixel resolutionRobust metal housing395nm + white LEDs10-70x & 200x magnification

### **Description**

The VW series has two types of LED lights that are switchable between white and UV light. This model has a filter to filter out the returning UV light so that an image with natural colors can be obtained. The aluminium housing offers enhanced protection and durability and has the best look and feel.
