

RK-10F / RK-10FS

Brand:
Product Code: RK-10F / RK-10FS

Short Description

Quick Release Button
Fine-Focus Knob
Anti-Backlash Lock
Arm Screw
HD-M2A

Description

The RK-10F is an upgraded version of the RK-10, featuring an improved quick release button with an anti-backlash mechanism that enhances its ability to make precise focus adjustments, ensuring smoother and more responsive operation.

The RK-10FS incorporates a heavier antistatic baseplate that suppresses external vibrations, making it an optimal choice for stable operation under high-magnification inspections.

Specification

Housing	
Dimensions	226 mm (H) x 150 mm (D) x 220 mm (L)
Dimensions	226 mm (H) x 150 mm (D) x 220 mm (L)
Weight	Approx. 1050 g
Weight	Approx. 1900 g

Features	
ESD safe	Yes
