

## **DinoCapture 3.0 – A Leap in Microscope Imaging Software**

Almere, Netherlands – June 30, 2025

IDCP, Master distributor of Dino-Lite, a global leader in digital microscopy, proudly announces the release of DinoCapture 3.0:

The next evolution in its trusted imaging software for Windows. Built to meet the needs of both first-time users and experienced professionals, DinoCapture 3.0 offers smarter tools, improved speed, and a streamlined user experience.

Whether you manage a lab, conduct field research, or compile detailed reports, DinoCapture 3.0 supports every step of your imaging journey.

### **Smarter Tools, Sharper Workflow**

DinoCapture 3.0 introduces powerful features to simplify and enhance your daily work.

### **Available Now!**

DinoCapture 3.0 is more than just an upgrade. It lays the groundwork for future innovation, including deeper integration, advanced analytics, and intelligent automation.

With a refined user experience, powerful imaging tools, and seamless data management, DinoCapture 3.0 empowers professionals across industries to do more with their microscopes.
