

# RK-10F / RK-10FS

**Merk:**

**Productcode:** RK-10F / RK-10FS

## **Korte omschrijving**

Quick Release Button

Fine-Focus Knob

Anti-Backlash Lock

Arm Screw

HD-M2A

## **Omschrijving**

The RK-10F is an upgraded version of the RK-10, featuring an improved quick release button with an anti-backlash mechanism that enhances its ability to make precise focus adjustments, ensuring smoother and more responsive operation.

The RK-10FS incorporates a heavier antistatic baseplate that suppresses external vibrations, making it an optimal choice for stable operation under high-magnification inspections.

## **Specificatie**

Behuizing	
Afmetingen	226 mm (H) x 150 mm (D) x 220 mm (L)
Afmetingen	226 mm (H) x 150 mm (D) x 220 mm (L)
Gewicht	Approx. 1050 g
Gewicht	Approx. 1900 g
