

RK-06AE

Brand: Dino-Lite
Product Code: RK-06AE

Short Description

mid-range stand solution, ESD-safe
Precision stand with quick vertical release function
Various optional accessories are available

Description

Square metal base with ESD-safe coating with column and support providing several adaptable heights. The RK-06AE comes with an ESD (electrostatic discharge) safe base plate instead of the standard RK-06A base plate. The RK-06AE is a stable vertical desktop stand that was designed to be used with the complete line of Dino-Lite ESD-safe digital microscopes.

The Dino-Lite RK-06AE stand is a sturdy and stable mid-range stand solution that can be used with all Dino-Lite digital microscopes. It is constructed of stainless steel and lightweight aluminum and offers precise fine-focus adjustment as well as a quick vertical release function.

Its adjustable horizontal arm has a 15cm range with 360-degree rotation and with the RK-10-EX arm (included) its effective range can be extended to observe larger objects. Various optional accessories are available for the RK-06AE, such as the RK-10-FX flexible arm or the RK-10-PX, XY arm. With these features, the RK-06AE is the ideal mid-range stand solution for precise orientation and maximum flexibility.
